PROFESSIONAL SUMMARY

Information Technology student with practical experience in Machine Learning, Data Science, and Web Development. Skilled in developing and deploying machine learning models, integrating them into Flask-based applications, and performing data preprocessing, analysis, and visualization using modern Python libraries. Strong knowledge of HTML, CSS, JavaScript, and frontend development principles, supported by hands-on industry experience through a frontend development internship. Passionate about solving real-world problems through data-driven, efficient, and user-focused technological solutions.

TECHNICAL SKILLS

- **Programming Languages:** Python, C++, JavaScript, HTML, CSS, SQL
- **Libraries & Frameworks:** NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn, Flask
- **Databases:** MySQL
- **Tools & Platforms:** Git, GitHub, VS Code, Jupyter Notebook

PROJECTS

Spam Email Detection Web App

- Designed and trained a **classification model** to detect spam emails.
- Deployed the model into a **Flask app** with a responsive UI.
- GitHub Link : [Spam Email Detector](#)
- Live Link : [Email Detector](#)

Loan Prediction Web App

- Created a machine learning model for predicting **loan approvals**.
- Built an **end-to-end application** integrating ML + Flask + Frontend.
- GitHub Link : [Loan Prediction Web App](#)

Restaurant Website (O Bailia)

- Developed a fully responsive **restaurant frontend website**.
- GitHub Link : [O Bailia Restaurant](#)
- Live Link : [O-bailia Restaurant Live Link](#)

CERTIFICATIONS

- [Internship Certificate](#)
- [Frontend Development Certificate](#)
- [Data Science Certificate \(Coursera\)](#)
- [Prompt Engineering Certificate \(Coursera\)](#)

EDUCATION

- **BS in Information Technology**
Shaheed Benazir Bhutto University – CGPA: **3.60** (Expected: 2027)
- **Intermediate**
Painite College Sanghar – **87.5% (2022)**

EXPERIENCE

Frontend Web Developer Intern – Onsite

- Worked on building responsive and visually appealing **web applications**.
- Collaborated with developers to enhance **UI/UX** and improve project efficiency.
- Gained practical knowledge of **frontend workflows and client requirements**.

ACHIEVEMENTS

- Attended a one-day **Artificial Intelligence & Blockchain Conference**, gaining exposure to modern industry trends and emerging technologies.
- Awarded in a **university-level programming competition** for demonstrating strong problem-solving and coding skills.
- Participated in **Business Bazar 4.0**, showcasing effective communication, teamwork, and entrepreneurial skills.
